*As of January 1, 2025 the Alabama NW Florida Region contracted with Treasury Services.

Accomplishment from 2025: This year we are excited to welcome two new congregations into our Region.

Hope for 2026: Constitution and By-Law review. Participate in the Narrative Project.

Challenges Ahead: Finding pastors to serve our smaller congregations, and search and call in general.

A Congregational story or hope in your region the General Board members can share in their own congregations.

We are excited by the number of people pursuing commissioned ministry to serve their congregations. A few of these commissioned folks have decided to pursue continuing education and ordained ministry.
